Roof water proofing project 2017

health, safety, fire

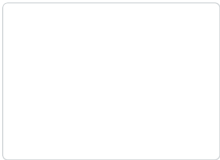

trustees admin

Description [Edit](#)

After today's meeting with the fire inspector we need to meet with the Absolute fire for the following:

- we require 5 foam fire extinguishers when the project commences and for the duration of the project
- The light wells need signage
- The car port requires a fire extinguisher

Activity

[Hide Details](#)

PL **Philip Lourandos**

Performed walk through this morning.

- Walked up both sets of light wells. All floors have exit signs
- Exit sign when leaving light well to car port
- Fire extinguisher in car port
- Exit sign by the sliding gate
- Fire extinguisher by the elevator room

Only outstanding issue is a box for the key to the pedestrian gate in London road. I've sent a mail to Chellie this morning and cc'd Fiona

PL **Philip Lourandos**

Sent follow up mail to Absolute fire services, inquiring when work can start for

- 2 new fire extinguishers
- signage

28 Sep at 15:47 - [Edit](#) - [Delete](#)

PL Philip Lourandos

Received a quote for the:

- light well exit signs
- fire extinguisher for elevator room and car port

Kim and I have agreed. Waiting on the remaining trustees

Met with AFS. We found the 16'th extinguisher.

They will check their records as there is no extinguisher in the elevator room and there is signage denoting that 1 should be there

Awaiting quote for signage + fire extinguishers

PL Philip Lourandos

Fiona has sent a mail to Chellie. I've responded that I can be at KBM after 15:30 to have a walk around and show where the problem areas are.
