

Light fittings at KBM

in list [In Progress](#)

Labels

lights

problem

Description [Edit](#)

Merging these issues into a single task:

 [lights in car port out](#)

 [Car port light out](#)

 [Light by London Road garage light needs replacing](#)

Also the foyer light fittings need to be replaced as the globes are hard to find and use excessive energy

Except the London road flood light the rest of the lights are working in the car port.
Will follow up with Jacques

Voltec was back today. Second light fitting installed in foyer. Will check this evening about car port

yesterday at 16:04 - [Edit](#) - [Delete](#)

PL **Philip Lourandos**

Saw this morning that the flood light on the garage did come on. Not sure what mechanism it uses. I let Jacques know

yesterday at 06:20 - [Edit](#) - [Delete](#)

PL Philip Lourandos

Went to confirm that the light in the car port were on. They are not :(

- Checked BC db board
- Checked the bike room board
- Waited till lightwell lights kicked in but still not on

Mailing Jacques to let him know

Voltec were at KBM today. They have:

- Replaced 1 of the foyer lights. Mis-understanding on the quote. The other 1 needs to be replaced
- 2 new lights have been installed in the car port
- 2 flood lights installed.

Will confirm that the exterior lights are working this evening

PL Philip Lourandos

Received a call from Jacques this afternoon. The flood lights we need replaced in the car port are no in stock and need to be ordered. There will be a 3 day delay.

He should be able to start next week

sent mail to Jacques asking for a quote on the following:

Hi Jacques,

Can I get a quote for the following:

- * Remove these 2 light fittings in the car port
<http://imgur.com/xddHHFQ> and <http://imgur.com/D1e7TJ9>
- * Replace with a bulkhead that takes globes with E27 connector(Pic you whatsapped')
- * Install warm white CFD or LED globe/s

- * Remove these 2 flood lights in the car port area <http://imgur.com/cSrlvhy> and <http://imgur.com/Hgdq1GE>.
- * Replace with flood lights that takes a globe with E27 connector
- * Install warm white CFD or LED globe/s

- * Replace light fittings in foyer
- * Replace with Eurolux 400mm 3 lamp light
- * Install warm white LED globes
